

# Semen station to promote native cattle breeds

**SPECIAL CORRESPONDENT**  
COIMBATORE

The National Dairy Development Board has set up a semen station to address the challenges faced by those having indigenous cattle varieties and to promote native cattle breeds.

## **Domestic breeds**

The Alamadhi Semen Sta-

tion, a unit of the Board, at Edapalayam, Red Hills, Chennai provides semen doses of domestic breeds of cattle, including the Kangeyam cattle.
